# Bylaws Amendment Proposal

It has been suggested by certain non-Board members that members of the RSAC who are on the Board be exempt from Membership Dues while they are serving on the Board. At the Board's meeting in May 2023, the Board voted to submit this proposal to a vote of the membership at the September 2023 Membership Meeting (date and location to be determined).

The Amendment would add a line item to Article III, Section 3 – Dues as follows:

“Board Members: Exempt (\$45 off Individual membership; \$45 off Family membership if 1 family member is on the Board; \$75 off Family membership if 2 family members are on the Board)”

The Amendment must be approved by a majority vote of eligible members present at the September membership meeting. The Board encourages you to come to the membership meeting and vote on this proposal.

## Trip Summary

### **France: Normandy/Paris/Versailles and a Seine River Cruise**

On July 4<sup>th</sup>, the day we celebrate our Declaration of Independence, 48 patriotic RSAC members departed Roanoke to visit France. We would end our trip in France on July 14, the day patriotic French celebrate the beginning of their revolution to overthrow the monarchy of King Louis XVI.

Our visit to France started in Normandy where we spent the first two nights in the historic town of Bayeux. The charming town of Bayeux was spared the destruction of WWII because the Germans abandoned the town before the Allies arrived. We were able to enjoy the gothic cathedral, the Bayeux Tapestry and walk the old streets of this medieval town.

During our first day of touring, we visited le Mont-Saint-Michel and most of us climbed to the top. The next day we visited the D-Day sites along the coast of Normandy. We were fortunate enough to be able to go onto Omaha Beach at low tide. It was amazing to see just how far our troops had to go across an open beach with the Germans firing at them with machine guns, mortar and artillery shells before they could reach the sea wall. And then, there is the height of the bluffs from where the Germans were entrenched. Even though most of us have seen the movies of the invasion and read the books about this place, it is just not the same as seeing it!

We finished off our tour of Normandy in the historic town of Honfleur where we boarded our riverboat, *MS Renoir*, for our trip up the Seine River. Along the trip upriver we visited the Calvados Distillery, the famous beach at Deauville, the former French capital city of Rouen and the site of Jeanne-d'Arc's execution. Then, on to Giverny to visit Monet's residence and the famous Water Lilly Pond. We cruised through Paris and stopped for a visit to the Eiffel Tower before continuing upriver to see the Palace of Fontainebleau. That evening we returned to Paris, arriving after sunset to see the "City of Lights" as we passed a multitude of party boats going up and down the Seine.

The next morning, we said *adieu* to *MS Renoir* and took a coach to visit Chateau de Versailles. This is the palace built by the Sun King, Louis XIV. It was built to “impress”. And it is impressive! After being pressed by the crowds inside the palace, we were happy to be on our way back to Paris to check into our very well-located hotel. From this point on, everyone was on their own to explore Paris and enjoy the celebration on July 14. Some of our members got very good videos of the fireworks at the Eiffel Tower. The fireworks were awesome! The weather was perfect, and the trip was awesome!

## **Trip Leaders are needed for Ski Trips and Adventure Trips**

Part of what makes our RSAC Trips so successful is the outstanding performance of our Trip Leaders. We have had a history of recruiting club members that are dedicated to providing our membership with terrific destinations that are affordable, scenically beautiful and great fun. With our membership growing as it has it is now very important that we recruit more Trip Leaders to handle the demand for more trips (skiing and adventure). If you have ever thought about being a trip leader now is the time to volunteer or look into what it takes to lead a trip. Yes, there is time and effort required to run a trip but the rewards for being a leader are substantial. You get to plan the great trip(s) you always wanted to travel on, you get to develop a better relationship with the travelers on your trip(s), and you have the potential for receiving price breaks on the trips you run. We have an established trip accounting software that we utilize on all of our trips, and we will train everyone on how to use it.

If you are interested or have questions, please contact:

# FOR SALE – Skiers Edge

Tom and I are no longer skiing, this makes us sad AND we have loved the sport and all the cool people we've met and memories we've made along the way!

What we learned, was being in shape to really ski each and every year was super important. One of the ways we stayed in shape and learned to ski more gracefully and with more stamina was to use the Skiers Edge Machine. It's like a workout and lessons all in one!

WITH Skiers Edge, you can:

- Develop the ability and strength to ski the entire mountain in any snow conditions, stop fearing the crud and powder!
- Create the endurance to ski all day, stop skiing 1/2day on an all-day pass!
- Perfect your edging, weight transfer, balance, and muscle memory, as you move past the novice skid!
- Increase your confidence, stamina and develop strong muscles to prevent injuries and keep you on the slopes!

It's time for us to have this amazing machine help the next folks as it helped us. We are selling our Skiers Edge essentials package T7 ALL Mountain master, natural Slope: INCLUDING Original Manual, special accessories: Assisted Coach Bar, Poles, and extra foot plates for advanced skiers.
