

March 12th – March 19th 2022

Stay 7 nights at the Beaverhead Condos, nestled slope-side to Mountain Village. Big Sky Resort is called the Biggest Skiing in America, with an impressive elevation of 11,166 feet at the top of Lone Mountain and 5,850 acres of downhill skiing across Spanish Peaks and Moonlight Basin. You can find powder stashes regularly throughout Big Sky due to the most consistent snowfall in the Northern American Rockies, averaging over 400 inches annually. There are more snow-covered acres than skiers, with about two acres per skier even on the busiest day, which means a safer, more liberating mountain experience.
