The new Snowmass Base Village opened in December 2018. Featuring a five-story indoor climbing wall, a village plaza with ice-skating rink, new retail shops, and The Collective—a collaborative art, music, culture and activities space—a fabulous addition to the already charming Snowmass Village!

Always a club favorite, you can spend the entire week skiing and riding at Snowmass/Aspen without covering the same ground twice. Even on a crowded day, there are only 3 skiers per acre, meaning you will likely have a run all to yourself. From the choice expert terrain of Burnt Mountain Glades, High Alpine and the Cirque, to the long blue groomers and impressive beginner facilities, there is more than enough terrain for every ability.

**Not to be missed is the Longshot, a 5.3 mile long run!**

Anyplace else, this would be considered four separate vacations, but not in Aspen! Skiers will find more than 5,300 skiable acres between Snowmass, Aspen Mountain (Ajax), Aspen Highlands and Buttermilk. Add the endless dining, nightlife and shopping in the famous town of Aspen and you have a perfect winter vacation.
